

Ellsworth Kelly, *Colors on a Grid*, 1976, Serigraph on paper, 6/46, Gift of Mr. and Mrs. James W. Titelman

This week Museum Stories is all about squares! Ms. Jane from Museum Stories in the Art Zone returns to talk about this week's artwork, books and art project. Watch the short video for some fun and learning.

#### LOOK

This print by Ellsworth Kelly has lots of squares. What is a square? A square is a shape with 4 sides. How many squares can you count? What colors do you see?

#### READ

*Up, Down & Other Opposites with Ellsworth Kelly* is a book with lots of opposite words with artwork by Ellsworth Kelly. Another fun book with squares is *Elmer and the Lost Teddy* by David McKee about a patchwork elephant who looks for his lost teddy bear in the jungle.

#### MAKE

Follow along with the video for step by step instructions to make your own art project with squares.
