This week, Museum Stories moooves through the Catskill Mountains with some cows. Watch the short video and make your own cow!

### LOOK

Can you see the big mountains in this painting? These are the Catskill Mountains. There are lots and lots of trees on these mountains. Do you see the cows in this picture? How many cows do you see? What colors are the cows? What sound do cows make?

### READ

This week, there are two book recommendations. Young readers will have fun with animal sounds in *Moo, Baa, La La La* by Sandra Boynton. Older readers will enjoy *There's a Cow in the Road* by Reeve Lindbergh. This is the story of a cow and her animal friends who stop traffic by standing in the middle of the road. The rhymes and repetition in both books make reading fun for all!

### MAKE

Follow along with the video for instructions to a cow face.
