

## **MULTIMEDIA PORTRAIT PAINTING**

**Judy Burgarella, instructor**

### Supplies List

Students will be supplied with everything they need for the first class—pencil, charcoal, paper, knead able erasure, if they choose to actively practice portraiture drawing that week. Since the remaining 4 classes are multi-media demonstrations (pastel, watercolor, acrylic and oil), students will then be given a minimal supply list for each individual medium, and they may choose whichever they would like to explore.

Intermediate and advanced students are welcome to bring their favorite mediums and paint along all five weeks. This class will be heavy on demonstrations for the first two hours, and the last hour will be devoted to individual attention.
