

## OIL PAINT SUPPLY LIST

*Gamblin oil paints are a high quality reasonably priced oil paint brand. Old Holland or Michael Harding brands are handmade pigments which are more expensive but last longer. Brush Flush is a bio-degradable non-toxic brush cleaner. Glass palettes are best! You can buy one or make one with cut glass from a hardware store and 1/4" white foam core cut to same size, then tape them together. Brush rinsing jars can be whatever works best for you that is glass, hard plastic, aluminum or other metal containers, but stay away from plastic yogurt containers or equivalent.*
