

NEW Painting the Highwaymen Way

Ray McLendon

Beginner to intermediate levels

Experience the vibrant legacy of the Florida Highwaymen in an immersive oil painting experience led by a second-generation Highwaymen artist. Participants explore bold color, expressive brushwork, and dynamic composition through techniques passed down across generations. Step-by-step instruction guides students in creating a Florida landscape while gaining foundational skills, professional insight, and historical context that honors the spirit of Old Florida and this influential art movement.
