

PHOTO FUN!

Jeremiah Jenner

Beginner Level

Aspiring photographers will learn how to take better photos on their cell phones or digital cameras. The instructor will go over basic camera or cell phone settings along with varied artistic lessons such as color and composition, creative abstracts, portrait lighting, and basic editing with apps such as Photoshop and Snapseed. Each class will have a review and group critique of the previous lesson as they share creative ideas and photos with one another.

RECOMMENDED SUPPLY LIST:

Cell phone or digital camera

11x14 white foam core mat board for final presentation project

Students will need to be able to print their favorite 8x10 print by the Sunday class as well as the five 4x6 prints for the daily homework for the class review. Walgreens is ideal for the prints.

Students will be in the classroom and outdoors. Dress for outdoors and bring water.
