

THE WONDERFUL WORLD OF WATERCOLOR

Xaque Gruber

All Levels

In this class the instructor will show students how wonderfully easy and fun watercolor is and each student will produce untold beauty and multiple paintings. The class will experiment with different approaches to watercolor – working from life, botanicals, art history, the landscape, and the imagination. This class is for all skill levels; students more experienced in watercolor will enjoy exploring new paths and beginners will find a new favorite endeavor.

RECOMMENDED SUPPLY LIST:

Please bring tubes of watercolor (I much prefer tubes to pan). A variety of colors.

Cold press watercolor paper (minimum size: 9 x 12). I love Arches brand (it is the best quality), but Canson and other brands are fine too.

Watercolor brushes in a variety of points (flat, fine tip, wide tip) - Windsor & Newton is excellent, Please avoid buying super cheap watercolor brushes as the hairs will fall out when you paint. It's worth spending a little more on this.

Watercolor pencils - a variety of colors.

White gouache - or Chinese White watercolor paint.
